Daily Standup Meeting

Project Name: EatMeOut	Group Name: SEEPP Solutions
Sprint Number: 3	Date and Time: 21/02/2025 9:30am

List of attendance:

- Name: Przemek Wasinski   Attended? YES
- Name: Samy Wanas   Attended? YES
- Name: Alex-Petrisor Bejenaru   Attended? YES
- Name: Emanuel Vochitoiu   Attended? YES
- Name: Edwart Lanovici   Attended? YES

Project Progress:

Team Member (1): Przemek Wasinski:

1. What did you accomplish yesterday?
   Answer: Created a frontend with registration and login for both users and restaurant owners with features such as image upload which writes and reads from our database

2. What will you do today?
   Answer: Start on home page.

3. What obstacles are impeding your progress?
   Answer: Making sure user's device can handle the application even with a slow internet connection.

Team Member (2): Samy Wanas:

1. What did you accomplish yesterday?
   Answer: Collaborated with Przemek Wasinski to create a backend system that serves the frontend data from the database

2. What will you do today?
   Answer: Collaborate with Przemek Wasinski on creating a home page.

3. What obstacles are impeding your progress?
   Answer: Making the application perform well no matter how powerful the user's device is.

Team Member (3): Alex-Petrisor Bejenaru:

1. What did you accomplish yesterday?
   Answer: Organised meeting time and informed all team members, adjusted meeting time to suit all team members.

2. What will you do today?
   Answer: Monitor the progress of our developers and help them reach their goals.

3. What obstacles are impeding your progress?
   Answer: Finding free time for meetings that fit in everyone's schedule

Team Member (4): Emanuel Vochitoiu:

1. What did you accomplish yesterday?
   Answer: Looked over and made sure developers are not falling behind

2. What will you do today?
   Answer: Monitor the progress of our developers and help them reach their goals.

3. What obstacles are impeding your progress?
   Answer: A big learning curve for all members.

Team Member (5): Edwart Lanovici:

1. What did you accomplish yesterday?
   Answer: Vigorously tested login and register to make sure no errors

2. What will you do today?
   Answer: Create mock tests that I can use when the application is more feature rich.

3. What obstacles are impeding your progress?
   Answer: Learning new testing methods
